### **June 2021 Study Group**

Amy Beyer, Tim and Karen Hueston, Carol Jurek and Linda Sule attended our June 2021 Study Group at the McLean Nature Preserve on June 12, 2021. On the tour they saw many wildflowers, butterflies, birds, bird's nests and artifacts from the property. Unfortunately, no orchids were in bloom on the day of their visit. They also were told the history of the Preserve. It was a very pleasant outing.
